Subject: Case number RDJ2016561006 Update

Dear Mr./Ms. Chief Immigration service

Case Number: **RDJ2016561006**
Visa type: IR5
Beneficiary: NOSSEIR, Mostafa Kamel Hussein
Petitioner: NOSSEIR, Gabriel
Interview date: 19 September 2016

Twenty two months have passed since my interview for Immigration visa took place. During the interview I was informed that all submitted documents had been accepted and I was requested to leave my passport in order to issue the Visa .

Few days later I was requested to submit additional information which I did on same week.

Since then, every time I requested update I was informed that the process is not concluded yet.

With the advance of my age, I am really interested to spend the few remaining years living close to my only son and his family in Albuquerque, NM.

Your update of the visa status will be highly appreciated.

Best regards.

To whom it may concern:

I received the attached letter, notifying my that my application for a visa for my father, Mostafa Nosseir, is being cancelled due to not applying for an immigrant visa. I did in fact apply for a visa, paid all fees, and completed the forms for USCIS and the NVC, with approval. In September 2016 my father had his interview at the consulate and the man who interviewed him said he would issue his immigrant visa and took his passport. Since then, we have received notification of my father's case is in "administrative processing" and another notification that there was further investigation that needed to be completed.

I would like to make sure that his case is not being terminated. Please see the emails below from October 16, 2017, stating that his case was not being terminated at that time. Can you please confirm the case is still open?

Also, if there is anything I can do to provide more information for you so we can move forward with his visa, please let me know. It has been over two years since verbal approval was given at the consulate in Rio. I understand the need for vetting people wanting to come to live in the US. My father entered and exited the US many times in the past with a tourist visa with no issue but now cannot even receive that due to this investigation. As he is now 75 years old and without family in Brazil, we very much want him here in Albuquerque with us.

Please let me know if there is anything I can do.

Sincerely,
Gabriel Nosseir

Subject: Case #RDJ2016561006

To whom it may concern,

I received the attached letter on Friday, concerning the application for an immigrant visa for my father, Mostafa Kamel Hussein Nosseir (beneficiary). The letter states you are going to cancel the application and the petition as per Section 203(e) of the Immigration and Nationality Act, specifically stating you all believe it has been one year since we did not apply for the immigrant visa.

I am writing to state that we did in fact apply for the visa, starting the process with USCIS in June 2015, and receiving approval in February of 2016. We then immediately completed all the paperwork with the NVC, which we received confirmation of approval on March 2, 2016. My father then had his interview at the Consulate in Rio on September 19, 2016. Proof is here on this document- https://drive.google.com/file/d/0B7_eGATrcmBbQIBrZmVxLXY4a1k/view

IR5 Interview
confirmtion.bmp

drive.google.com

During the interview my father was informed that all required documents were accepted and that his immigration visa will be processed. The man interviewing him took his passport and cancelled his tourist visa, which my father had previously. Shortly after the interview my father received notice to answer more questions, which he submitted the very next day.

Since the interview and verbal approval more than one year ago, we have heard nothing regarding the status of his visa, only that it is in "administrative processing". My father asked for his passport back, which was granted, until the processing was over.

Can you please clarify why we received this letter and what the status of my father's immigrant visa is?

Sincerely,
Gabriel Nosseir (petitioner)

Dear Mr./Ms. Chief Immigration service

Case no. RDJ2016561006
Petitioner: Gabriel NOSSEIR
Beneficiary: Mostafa Kamel Hussein NOSSEIR

1) Please be informed that my present national (Brazilian) passport's number is FX 881456, issued on 11 January 2019 and valid till 10 January 2029. This is a substitution of my previous passport number FP 520724 , as its pages are now full.
Appreciate your action to update your records.

2) Twenty four months have passed since my interview took place on 19 September 2016. During that interview I was informed that all required documents had been accepted and immigration visa IR5 would be stamped in my passport. Additional information was requested on 26/09/2016 which I also submitted on the following day.

Since then, every time I inquire about the status of this case I was informed that it is still under administrative process.

My concern is that I am now 76 years old and my only desire is to spend my remaining few years living close to my son and grand son who are the only remaining family members.

I would be extremely grateful if you can examine the status of this case and update me .
Best regards.

Dear Applicant,

Currently, your case is under additional administrative processing, which must be finished before a determination may be made on your case.

We will work towards completing our processing of your case as soon as possible. However, we cannot predict how long this will take due to different circumstances that involve each case.

We realize that these extended waiting periods can be frustrating, and we are sensitive to the fact that the purpose of the immigrant visa is to provide the opportunity to non-us citizens to immigrate to the United States. Nevertheless, the U.S. Consulate in Rio de Janeiro, like all U.S. Embassies and Consulates, must adjudicate visas in accordance with the provisions of U.S. immigration law. In some cases, this involves extensive administrative processing.

We will contact you as soon as we have finished this stage. Meanwhile, your patience is very much appreciated. For additional information you may visit: <https://travel.state.gov/content/visas/en/general/administrative-processing-information.html>

To whom it may concern,

My name is Gabriel Nosseir and I am the petitioner for Mostafa Nosseir to obtain his sponsored visa. It has been nearly three years since we received approval from USCIS, NVC, and also verbal approval during his interview at the consulate in Rio. Ever since that interview we have been in "administrative processing".

I sincerely understand the need and importance to research all non-US citizens who seek to obtain this sponsored visa. I humbly ask either to find out more information or to speed up this process as my father is now 76 years old. I am his only child and it is my desire to be able to spend as much time with him as possible and to have my son be able to get to know his grandfather better and to be with him more frequently.

My dad has been to the US many times in the past on a tourist visa, which was taken away from his passport and now is unobtainable due to the administrative processing. We bought an apartment for him in late 2015 with the idea that he would be able to come back into the country within a few months. Now it sits empty with the hope that he will be approved for his visa.

If there is any information I can provide to help move this process forward, please let me know.

Sincerely,
Gabriel Nosseir
